**Govt High School Mundeke Goraya Daska, Sialkot, Pakistan**

📅 09/2014 - 03/2016

## EXPERIENCE

### Software Quality Assurance Engineer

**Devsloop**

📅 11/2022 - Present 📍 Gujranwala, Punjab, Pakistan

Business consultation and an Information Technology firm that offer technical services for business solutions.

- As an SQA at Devsloop, I've successfully executed comprehensive test plans for projects such as EasyLama, Beambox, and DoubleList. Notable achievements include efficient defect management, rigorous regression testing, and the implementation of automation frameworks. I bring a collaborative approach, process optimization skills, and accurate documentation practices to ensure software quality and project success.

### Ruby on Rails Internship

**Devsloop**

📅 07/2022 - 11/2022 📍 Gujranwala, Punjab, Pakistan

Business consultation and an Information Technology firm that offer technical services for business solutions.

- My achievements align with the Ruby on Rails internship. I've developed and maintained RESTful APIs, contributed to Agile projects, and resolved critical issues for enhanced system stability. Excited to apply and grow these skills in the internship at Devsloop.

### Front End Developer

**Shoretect Solutions**

📅 06/2020 - 05/2022 📍 Remote Work

Shoretect Solutions is Remote software development leader, fostering innovation and excellence in a collaborative work environment.

- My achievements align with the Shoretec Solutions Front-End Developer role on PHP projects. I bring expertise in crafting responsive interfaces and enhancing user experiences. Excited to contribute to Shoretec's software development goals.

## PROJECTS

### BeamBox

📅 03/2023 - Present

📍 Devsloop Gujranwala, Punjab

As the Lead SQA For Beambox

- I spearheaded comprehensive bug reporting processes, ensuring bug-free releases. I provided valuable insights and suggestions to enhance the project's efficiency and attractiveness within the Ruby on Rails framework. My leadership in quality assurance contributed to the overall success and improvement of the Beambox project.

### DoubleList

📅 07/2023 - 01/2024

📍 Devsloop Gujranwala, Punjab

As the Lead SQA for the Doublist

- I've played a pivotal role in ensuring the release of a bug-free application. My responsibilities include meticulously reporting and managing bugs, implementing rigorous testing procedures, and providing valuable suggestions to enhance project efficiency and overall attractiveness. Through my leadership in quality assurance, I've contributed to the success of the Doublist project.
